Nayak Spa

A vision among dreams

"Inspired by the concept of dreams as a space for connection and transformation."

It is through dreaming that we begin a journey of introspection and connection with our inner selves. In that space of stillness, knowledge, wisdom, and transformation emerge, guiding us toward a path of well-being, healing, and compassion.

Set within the lush tropical jungle and accompanied by the soothing sounds of waterfalls, WAYAK Spa at Viceroy Riviera Maya is a sanctuary where nature, design, and personalized care come together.

Its distinctive circular architecture embraces the natural landscape, creating serene spaces designed for relaxation and balance.

Enjoy treatments in tranquil jungle settings, where the gentle sound of flowing water enhances every experience, or indulge in a personalized journey in our Spa.

Our therapists combine refined techniques, natural ingredients, and attentive care to inspire deep relaxation and renewal, creating a unique experience where nature, the senses, and warm hospitality come together.
