THE SPA AT VICEROY ANGUILLA

VICEROY SIGNATURE EXPERIENCES

Double Rainbow Ritual

Anguilla is known for the frequent sighting of double rainbows and during this signature treatment, surrender to pure relaxation from two therapists. One therapist begins with a signature welcoming back restorative ritual treatment. As you begin to enjoy the skin illuminating facial, your relaxing massage will continue to ensure your entire body will be restored and renewed.

90 minutes

Iconic Facial

Using the healing power of Swiss glacial spring water, medical grade pure collagen, and a full strand of triple DNA, this facial is an anti-aging powerhouse. By combining these three elements with the signature Valmont facial massage that touches the physical and mental wellbeing of your entire body, your skin's suppleness and resilience will be restored at the cellular level. You can enhance the results of this facial further by infusing the products deeper into the dermis, or by adding a controlled gentle microderm upgrade.

90 minutes

Earth and Air Ritual

Let your mind and spirit take flight to a place of inner tranquility. In this Amerindian inspired ritual we begin the journey by opening and grounding your chakras. We then use the power of incense, sage and heated stones to cleanse the body and free you from all negative energy.

90 minutes

Viceroy Trilogy

Founded on the principles of Balance, Breath and Beauty, this three step massage voyage removes energetic and emotional blockages that hinder your true self expression. Beginning with a welcoming foot scrub ritual, the therapist will then unite the power of essential oil blends (lemon grass, bergamot and chamomile), colored silk veils and the strength of your personal intentions to assist in this soul purifying massage. You will be brought to a state of deep peace and internal harmony.
